

Notes: - Soil of site consists of various yellow sandy loams. Soil seepage tests made on lots Nos. 1, 3, 6, 8, 12, 20 & 22 revealed a drop of level to from 1 to 2 mins. Ground water 6 to 10' below ground surface. Design based on average soil. Each disposal unit is to have 2 B.P. & 2 disposal trenches. No part of any tile field to extend within 25' of Driveway Entrance.

Notes: - Applies to All Lots - Excepting Lots 11, 12, 17 & 18. See Detailed Layouts on Map.
