

Note: Morehouse Land's slope from Brockley line westerly to deep ravine. Extreme Northern portion of Brockley lands bound to slope Northerly to secondary ravine just South Wallless residence.

Boundaries from survey by J. J. McManus, C.E. March 1935. All elevations are referred to an assumed datum which closely approximates the U.S.G.S. datum. Areas 'A', 'B' and 'C' at the northern end of property are to be reserved for possible future connections to Union Ave., 1st Street, 2nd Street and Harting Lane if and when these streets are extended and their lines established.
